

Aluminum Locker Benches

ALUMINUM LOCKER BENCHES

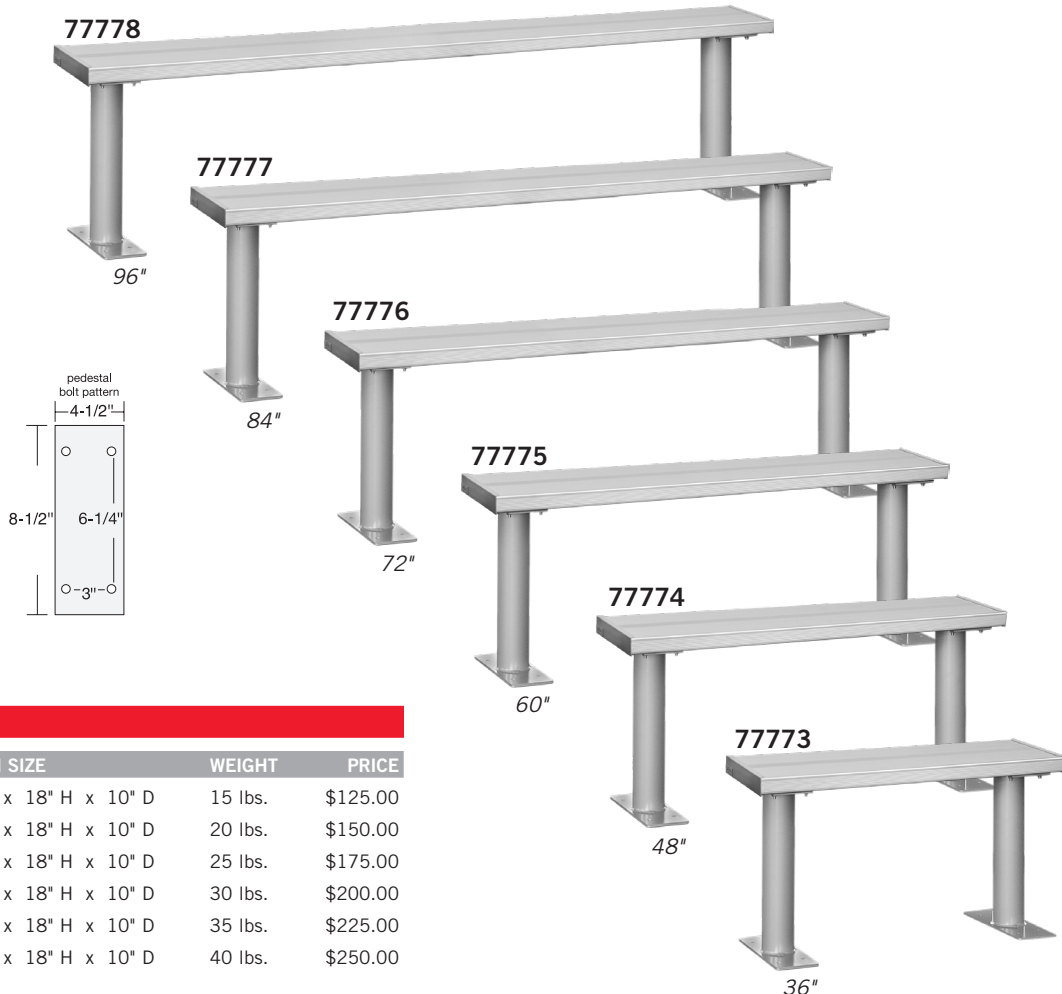

Constructed entirely of aluminum, Salsbury aluminum locker benches combine a traditional look with strength and durability and are an excellent addition to industrial, office or recreational locker room facilities. The anodized aluminum seating area is 1-3/4" thick and features rounded edges for comfortable seating. Aluminum locker benches are available in six (6) lengths ranging from 36" to 96" in one foot increments and are easily assembled. Each bench is 18" H x 10" D and includes two (2) 3" diameter bolt mounted pedestals with four (4) mounting holes to secure to the ground. Pedestals feature a durable powder coated aluminum finish. Minor assembly is required.

Note: It is recommended that all benches be floor anchored.

ALUMINUM ADA LOCKER BENCHES

Salsbury aluminum ADA locker benches combine a traditional look with strength and durability and are an excellent addition to facilities that require accessibility. Constructed entirely of aluminum, the anodized seating area is 1-3/4" thick, 20" deep, 42" wide and 18" high. Aluminum ADA locker benches are available in two (2) configurations, one with back support (39" high) and one without back support (18" high). Aluminum ADA locker benches with back support can be placed in an open area while those without back support are designed to be installed flush against a wall. Each seating area meets ADA requirements and include four (4) 3" diameter bolt mounted pedestals with four (4) mounting holes to secure to the ground. Pedestals feature a durable powder coated aluminum finish. Minor assembly is required.
