

LOCKER FILLERS

Salsbury locker fillers are an ideal option for locker installations that encounter obstructions such as pipes, columns and other obstacles. Corner and in-line top fillers overlap the existing locker tops and are easily attached with hardware (included) providing a finished look to the locker installation. Vertical front fillers include a wall angle slip joint that conceals uneven edges and provides a professional appearance to the locker installation. Locker fillers can be easily field cut for custom installations.

Locker installation with flat tops

Locker installation with sloping hoods
