

# 12" Wide See-Through Lockers Single Tier

## 12" WIDE SINGLE TIER SEE-THROUGH LOCKERS 5' HIGH AND 6' HIGH

Constructed of 16 gauge steel, Salisbury S-61000 series 12" wide single tier see-through lockers are available in heights of five (5) feet and six (6) feet (add 6" for legs) and feature polycarbonate see-through door panels that provide maximum visibility. See-through lockers meet the growing need for lockers in industrial, retail, recreational and office facilities where a view of the locker contents is desired. These durable see-through lockers are available in one wide and three (3) wide units and 12", 15" and 18" depths. 12" wide single tier see-through lockers are available in a gray, tan or blue powder coated finish and as unassembled or assembled units. 12" wide single tier see-through lockers include an adjustable hat shelf, three (3) single wall hooks and a double prong ceiling hook. The 18" deep single tier see-through lockers also include a coat rod that can accommodate garments. Sloping hoods, finished end panels, end bases, front bases, compartment shelves, fillers and lockers without legs are available as options upon request. – see all metal locker options and locks on pages 52-53.

**Volume Discount Pricing  
Available at Lockers.com!**

## LOCKER FILLERS

Salsbury locker fillers are an ideal option for locker installations that encounter obstructions such as pipes, columns and other obstacles. Corner and in-line top fillers overlap the existing locker tops and are easily attached with hardware (included) providing a finished look to the locker installation. Vertical front fillers include a wall angle slip joint that conceals uneven edges and provides a professional appearance to the locker installation. Locker fillers can be easily field cut for custom installations.

Locker installation with flat tops

Locker installation with sloping hoods

### TOP FILLERS - CORNER
